

PIOTR PIŁAT

ABOUT ME

PHP Developer with 14 years of commercial experience building and maintaining web applications and backend systems. Working mainly with PHP 8.3 and Symfony 6. Experienced in microservices-based projects and event-driven communication using RabbitMQ. Involved in maintaining and gradually modernizing legacy systems, refactoring code, and improving performance and stability. AWS Certified Developer with hands-on experience RESTful APIs and integrations with external systems.

WORK EXPERIENCE

Software Developer, 09/2013 - Current

PGS Software / Xebia

- Working across business applications for Healthcare, HR, and E-commerce, including patient management modules, HR workflow automation, and payment integrations and custom solutions. Legacy code modernization.
- Developed performance systems using PHP 8.3 and Symfony 5/6 framework.
- Projects mainly on AWS/Kubernetes/Jenkins Stack.
- Maintained APIs on an API gateway using Terraform.
- Communication & Messaging: Optimized data handling and messaging systems with MySQL, Redis, and RabbitMQ.
- Integrated third-party services via REST APIs, including payment gateways and external data providers.

Software Developer, 09/2012 - 09/2013

Vision IT

- Web Development & CMS: Integrated and modified professional websites based on Joomla and Word Press platforms.
- Custom Scripting: Developed standalone PHP scripts dedicated to SEO optimization and automation.
- Working on Joomla/WordPress modules, optimizations of database queries.
- Plugin Customization: Custom modifications for CMS plugins to meet specific client requirements.
- Data Management: Managed database operations with MySQL and maintained version control via SVN.

Software Developer, 02/2012 - 08/2012

PIR-MatysArt

- Backend Development: Developed and maintained features for specialized applications using the Kohana 2 framework.

CONTACT

Address: Kościuszki 97A, 37-100 Łańcut

Phone number: +48 607 918 787

Email: piotrekpilat@gmail.com

TECH STACK

- PHP 8.3
- Symfony 6
- Yii Framework 1.1
- REST/APIs
- AWS
- MySQL
- Redis
- RabbitMQ
- Docker
- Git
- Xdebug, PHPUnit, PHPCS
- Familiar with OpenRoute solutions/Ollama
- Experience with Claude/Codex/Gemini
- jQuery
- Basics of Terraform/Kubernetes/Jenkins

- API Integration: Engineered a SOAP API system (WSDL) for automated auction management and transaction data collection.
 - Tech Stack: Kohana 2, PHP, MySQL, SOAP/WSDL, jQuery.
-

EDUCATION

**MSc/BEng in Computer Science, Electrical and Computer Engineering,
2006 - 2012**

Rzeszów University of Technology - Poland

CERTIFICATION

-AWS Certified Developer - Associate, Amazon Web Services (AWS),
AWS00376545, 2017-06-12

-Several Anthropic Certifications

-Using AI in Business Development Issued by Google 2026-06-08

LANGUAGES

English:	B2	Polish:	C2
Upper intermediate		Proficient	

HOBBY

- Psychology
 - Rock Music
 - Experiments across different languages
(Delphi in the past, now more Python)
